Objectives

• Community Safety
• Campus arrival
  • COVID testing
  • Vaccine access
• Immunization Compliance
  • New undergraduate
  • New graduate and professional
  • Returning students
• Resources-WE ARE HERE TO HELP
Community Safety

- **Community Responsibility**
  - Each faculty, staff member, and student will contribute to health and safety of campus

- **COVID-Vaccination**
  - All students are required to comply with student immunization policy, to include COVID-19

- Three layers of COVID-19 testing
  - Entry testing, screening testing, and diagnostic testing

- **COVID-19 Mitigation efforts remain in place**
  - Appropriate hygiene and cleaning protocols
  - Masks indoors regardless of vaccination status
  - Identifying cases early via diagnostic testing
  - Contact tracing, Isolation and quarantine

- **Routine Immunization Compliance**
Arrival on Campus

• Federal Requirement based on CDC recommendations to have a negative COVID-19 test within 3 days before travel (viral or antigen test)

• If you are not fully vaccinated with an FDA or WHO approved vaccine (i.e. 2 weeks after your last dose)
  • Testing upon arrival if you live ON campus
  • Weekly testing thereafter for everyone on or off campus

• NO quarantine requirements
  • Will need to comply with campus guidelines for masking
    • No masks required outdoors on campus
    • Unvaccinated persons are advised to wear masks and physically distance
    • Masks are required in all indoors public spaces at this time regardless of vaccination status
COVID-19 Requirements

FUNDAMENTAL VACCINATED???

YES

ARRIVAL & WEEKLY TEST (until fully vaccinated or receive approved exemption) = negative

ALL CLEAR

NO

ALL CLEAR
IMMUNIZATION COMPLIANCE

To ensure that our community is protected from vaccine preventable illnesses
To understand the level of immunity in our student community for COVID-19 which allows us to open at full density
Student Portal Access to Resource
Uses your net ID and password

SHS operates on an appointment system.
Urgent care appointments available on a rolling basis
SHS is not an emergency facility.
Access to: Immunization upload, appointment scheduling, secure messaging, requests rx, lab results, copy of bills, etc.
Forms: Consent for treatment, FERPA forms-release of information and health history, telehealth consent, mental health consent (consent for a minor on website)

Go to Your Patient Portal at www.studenthealth.emory.edu or by calling 404.727.7551.
New Undergraduate Students

• The deadline was July 1\textsuperscript{st}.

• An enrollment HOLD was put in place on July 15\textsuperscript{th}.

• The hold can be removed by:
  1. Receive the vaccine or test prior to arrival and UPLOAD to the portal.
  2. Notifying our immunization compliance team that you will be receiving the vaccine when you arrive. Send a message to “immunization compliance” on the student portal. We will extend your compliance time.

• Then, you will be able to register in early August.
Returning Undergraduate Students
All Graduate and Professional Students

• Deadline for uploading immunization documentation (or sending us a message regarding vaccines you need to receive upon arrival) is **August 1st**

• A registration hold will be placed on August 16th if not compliant where you will not be able to change your classes or enroll if you have not done so yet
Vaccine Access on Campus

• COVID-19 vaccine
  • Available at Student Health Services
  • Make an appointment through the student portal for a “COVID-19 vaccination”
  • Other clinics will be communicated by the individual school

• Routine vaccination requirements
  • Accessible via Student Health Services
  • Make an appointment through the student portal with the “allergy injection, immunization and travel clinic” and choose the “immunization/PPD visit” option

• Local community resources
